

DSC180-A05: Responsible AI | Write-up #3

For your Q1 Project, you will work with Medical Expenditure Panel Survey (MEPS) data.

To learn more about the MEPS data, please read the [Data Background](#) page on their website.

MEPS data is made available to researchers and policy analysts in both the public and private sectors. To see some of the topics that researchers publish on, read the [Topics](#) page. In particular, our Q1 project will focus on the [Medical Expenditure](#) topic.

Prompt: Research regulatory considerations that apply to medical expenditure modeling. How do they map (or not) to assessments you would conduct to identify and/or mitigate the harms that you identified in Writeup #1?

Your answer should be at least 500 words (approx. one single-spaced page).
